**SPUNPRINT PARTNERSHIP**

## Spunbag™ - The perfect alternative to the plastic shopping bag

**Spunprint Partnership** specialises in the printing and manufacture of various products using non-woven polypropylene fabric (spunbond). Responding to South African legislation restricting the use and distribution of low micron/lightweight plastic bags, our core range includes a variety of reusable shopping bags, known as the Spunbag™ range.

## Keeping it cool with Spunbag™

Our foil-lined Kool Bags are designed to keep cold products cooler for longer!

## Not just bags!

Spunbond fabric's versatility has allowed us to develop products in diverse areas. Some of these products include:

- Tablecloths, event rash and flags for events
- Printed fabric for mattress covers
- Headrests for airlines
- Shoe bags for retail
- Protective clothing for manufacturing
