

SPUNPRINT (PTY) LIMITED

Artwork Requirements

All artwork must be sent in the formats stated below:

1. PDF
2. CorelDraw
3. Adobe Illustrator
4. TIFF Files (with Transparent backgrounds)

All artwork and fonts must be converted to curves/paths and sent through in VECTOR format.

- All logos and design specifications must be listed.
- All fonts that are used must be named and listed.
- All colours used, Pantone colour swatches and codes to be listed.

NOTE: JPEG Files

If the client does not have the artwork and it is an absolute necessity to send these files, We will be required to recreate the artwork. High resolution file required. This is also a requirement for Photoshop files.

- All scans and copies must be clear and visible to ensure efficiency.
- JPEG files are used only for visual purposes-and in this case, most applicable to you should you not be able to access a PDF file.
